6ft x 4ft
\$200

A round dining table is elegantly set with a vibrant yellow tablecloth featuring a subtle geometric pattern. Each place setting includes a white dinner plate with a gold-striped rim, a smaller white bowl, and a set of silverware with cream-colored handles. Crystal glasses, some with intricate cut patterns, are placed around the table. The centerpiece is a lush arrangement of orange tulips, purple flowers, and greenery, interspersed with three gold-colored geometric wireframe candle holders, each containing a white pillar candle. The table is surrounded by dark wooden chairs, and a portion of a metal serving cart is visible in the lower-left corner.
